

ESJC Has Well Equipped Crime Lab

The Enterprise Regional Crime Laboratory at Enterprise State Junior College will be one of the best equipped crime labs in the state and is scheduled to begin operation on or before October 1, 1971, according to an announcement released today by Lamar Miller, Criminalist in charge of the lab.

"The specialized equipment designed for the lab is scheduled for delivery and installation this month," Miller stated. "and we, Dale Carter, my associate Criminalist, and I will move to Enterprise September 15, 1971."

The modern crime fighting facility will serve law enforcement agencies in nine Southeast Alabama counties including Coffee, Geneva, Covington, Pike, Crenshaw, Houston, Barbour, Henry and Dale. Miller, who will head the Regional Lab, said, "We expect our main case load to revolve around drug identification, which we are well equipped to handle. All kinds of comparisons of things such as hairs, cloth fibers, bullets, handwriting, typing, paper, ink, paints, soils, etc., can be made to assist Law Enforcement personnel in accident, hit-and-run, arson, and other type investigations. We will be able to do blood work identification and determine alcohol content of blood in traffic fatalities or traffic cases. Equipment is also available to photograph crime scenes and assist law enforcement officers at the scene of the crime and aid them in preparing, preserving and presenting evidence for trials."

The trouble with staying home from work is that you have to drink coffee on your own time. — Ray Savage, The Thermopolis (Wyo.) Independent Record.

Wilson-Hanchey Vows Exchanged August 7th

Miss Melba Lee Wilson, of Victoria, and Jerry Landon Hanchey, of Elba, were united in marriage on August 7, at seven o'clock in the evening in the Victoria Baptist Church. Officiating the double ring ceremony was Reverend Mack S. King.

The bride is the daughter of Mr. and Mrs. Leon Wilson, of Victoria, and the groom is the son of Mr. and Mrs. Clermon Hanchey of Elba.

Nuptial music was provided by Mrs. Silas Shepard, pianist, and Reverend Lanny Shepard, soloist. Rev. Shepard sang, "Theme from Love Story," "Whither Thou Goest," and "The Lord's Prayer."

The bride, given in marriage by her father, wore a formal gown of white satin overlaid with chiffon featuring an Empire bodice and scalloped neckline of Chantilly lace.

She carried a bouquet of white carnations centering a blue orchid accented with white ribbon streamers.

Attending her sister as

maid of honor was Miss Margaret Wilson. Bridesmaids were Miss Katrina Hayes, Miss Judy Corley and Miss Diane McCollough.

The attendants wore formal gowns of blue with blue braids accenting the bodice and neckline. Their headpieces were velvet bows attached to shoulder length veils of blue illusion. They carried blue nosegays and ribbon streamers.

Miss Ceina Hayes, of Elba, served as flower girl. She wore dress of blue and carried a basket of white mums and blue ribbons.

Serving his son as best man was Mr. Clermon Hanchey.

Groomsmen and ushers were Mr. Freddy Hanchey, brother of the groom, Mr. Travis Nunn, cousin of the groom, and Mr. Larry Addison of Enterprise.

Mr. Steve Proton, of Columbus, Georgia, cousin of the groom, served as ring bearer.

Mrs. Wilson chose for her daughter's wedding a royal blue knit dress with white accessories. For her son's wedding, Mrs. Hanchey wore a pink knit dress with white accessories.

Both were escorted by Mr. Freddy Hanchey. Guests were registered by Miss Zella Bragg, of Victoria.

The church was beautifully decorated with one, fifteen branch candle tree and two, seven branch candle trees flanking each side. On each side of the smaller candle trees were two pom pom trees.

Centering the altar was an arrangement of blue and white gladioli and mums and the double prayer bench.

Directly following the wedding ceremony, a reception was held at the church.

For traveling the bride chose an orchid dress accented by the orchid from her bride bouquet.

The couple are residing in Elba after a wedding trip to Florida.

What Do I Wish

Pam can't keep a secret. She'll probably tell us what she wished before the cake is half eaten.

Whatever her wish, it will be for a little girl type of thing.

But—what of me? What do I wish for my daughter? Success in a career... happy marriage... children... a beautiful home... a fair share of worldly goods... health... happiness?

I suppose I wish all of these things for Pam, in some measure. But I had to limit myself to a single wish—I would ask for her a deep and abiding faith. How wonderful it is to have an unshaken belief in God's ways and His works, plus the conviction of His love for us.

Some of us may be limited in our ability to give our children material things, but we need never stint on teaching them spiritual values. Start taking your children to church and church school this Sunday.

"One-to-One."

Our new
Person-to-Person policy
to improve your phone service.

I'm Fred Rahdert, president of General Telephone of the Southeast.

I want to tell you about some very intensive work we are doing about some problems that are of great concern to us: customer relations and our employees' morale.

Under normal circumstances our customers and employees get along fine together.

However, because conditions are unusual, due to exceptional growth in the telephone industry, there have been some irritations arising out of service difficulties.

Fortunately, it's not a massive problem, but occasionally a bothersome one to those involved.

We have definite plans to meet this problem. For example, we will be spending \$72,000,000 this year to improve your phone service. It's a lot of money and it's going to have a great effect.

But money isn't everything; getting along with you, our customers, is equally important. We've known this all along. And all of us at General Telephone have been working hard at it. But, we felt there was something missing. An underlying philosophy that would

give unity, continuity and greater meaning to our efforts to serve you better. So, we have established what we call our "One-to-One" philosophy, to guide General Telephone people in their dealings with our customers.

It's intended to open up a direct, courteous and honest communication that will reflect our concern for our customers as individuals.

Our employees and our management, including myself, will follow this credo. And, I will see that it brings results that will benefit us all.

The next time you talk to us about a phone problem you'll see how "One-to-One" works. It's a change for the better.

And, I hope that from now on when you see "One-to-One" you'll have reason to agree with me that someone cares at General Telephone.

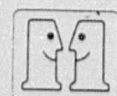

Sincerely,

Fred Rahdert

General Telephone Company of the Southeast

A state winner will be selected from County winners.

According to Mr. Ray, objectives of the FHA Farm Family of the Year program are 1, to emphasize outstanding FHA families and to encourage greater accomplishments; 2, to increase general public awareness of FHA's scope of activities and services; 3, to recognize outstanding FHA families and to encourage greater accomplishments; and 4, to encourage the graduation of FHA borrowers to conventional sources of credit.

To be eligible, competing families must have actively used FHA farm ownership and/or operating loans for at least sixty (60) months, and must have a loan at time of entry or have been graduated within the award year or the year previous.

'I'M ON 24-HOUR DUTY, FOLKS!'

LABOR DAY 1971

We are about to observe another three-day weekend. On the last one, Independence Day, 636 persons were killed on the highways. By comparison, during the same week, 29 U. S. soldiers were killed in battle in Vietnam.

The war is coming to an end, but there seems to be no end in sight for senseless highway slaughter.

Many lives could be saved if motorists took the simple precaution of being certain their automobiles were functioning properly before leaving home. Others could be saved by using the safety belts provided by all manufacturers. And still more could be saved if that "one for the road" was made from a recipe of three parts of caution mixed with one part of common sense.

If you are driving over the Labor Day weekend, we want you to have a pleasant holiday and to see you and your family back home safely. Drive defensively and, if in doubt about safety, don't drive.

EDITOR'S NOTE: Truthfully speaking this newspaper can't afford to give up a single reader to the Labor Day traffic toll!

County Records Increase
In Business Of 21%

A quick glance at the latest figures released on Alabama Trade Highlights are encouraging for this county. The State of Alabama registered a 15.6% increase in May, 1971 over May, 1970 and Coffee County registered a whopping 21.3% increase during the same period.

Leading the way in Coffee by exceeding the state average were Apparel with a 11.9 increase compared to 11.5 statewide; automobiles 21.8% increase compared to the state average of 19.5% and gas stations showed a 12.1% increase. The largest increase in the county was the group that includes non-retail and "unclassified business." This group reported an 80.6% increase

over May of 1970! One of the largest increases in Coffee County was in lumber and building materials with a 25% increase, however this trail increase in May, 1971 over May, 1970 was pulled up by such things as the 164.5% increase in neighboring Pike County.

On the sour side of the picture, Hardware and Farm implements in Coffee County registered a 26.3% drop over the same period last year while the state average was climbing over 10% and another of our neighbors, Covington County, reported a 36% increase.

Time Now
For Ordering
Seedlings

Now is the time to order pine and hardwood seedlings and to do any necessary site preparation work that may be needed to assure good survival and growth of the planted seedlings, according to County Forest Ranger Gordon Drewery.

The deadline for filling application for seedlings is September 30, 1971; however, applications received after this date will be handled in order of receipt as long as seedlings are available, said Ranger Drewery. Seedlings should be ordered on application blanks which may be obtained from the local Forest Ranger's Office; also, help may be obtained there in filling out the application.

Pines can be obtained for \$6 per thousand f.o.b. nurseries while the cost of red cedar and the various hardwoods is \$10 per thousand.

Site preparation and planting are expensive; however, it may be possible to obtain cost sharing from the government. The government through their REAP program of the Coffee County Agricultural Stabilization and Conservation Office may share in these costs.

Donald Morris
Promoted By
Highway Patrol

Highway Patrolman Donald E. Morris was recently promoted to the rank of Corporal and transferred from Elba to Troy. He will serve as supervisor for Pike and Bullock Counties following the transfer.

Morris was born in St. Louis, Mo., and grew up in Japan, Germany or wherever his Army father happened to be stationed. He became a highway patrolman in 1964 after serving with the Dothan police department.

The highway patrol stationed him in Birmingham for one year and in 1965 he was transferred to Elba. According to Morris the ensuing six years were the longest he had lived in one place during his entire life, again due to his father's military career.

Morris said this week, "I sure hate to leave Coffee County. I have enjoyed working here and know there are no nicer people anywhere."

If you want to be original, be yourself. God never made two people exactly alike.—Lee R. Call, Star Valley (Wyo.) Call

Think You've
Got It Tough?

Employee responsibilities in retail stores have changed noticeably in the last few years. Here's a list of instructions issued to clerks in 1870: "Store will open at 7 a.m. and close at 8 p.m. except on Saturdays, when it closes at 9 p.m. Any employee who smokes Spanish cigars, uses frequent pool halls or public dance halls, will give his employer every reason to suspect his integrity, worthy intentions, and all-around honesty. Men employees will be given one evening off each week for courting purposes, or two evenings a week if they go regularly to church and attend to church duties. After any employee has spent his 13 hours of labor in the store, he should spend his leisure time in reading good books."

Girl Scouts Need
Volunteer Leaders

In an effort to locate officers for the coming year, the Girl Scout Council of Elba announces the following vacancies: council and assistant council, now held by Mrs. Mace Cook, Consultant, now held by Mrs. Lister Brunson and several troop leaders are needed. The Girl Scouts perform a valuable service in the training of our daughters to be good citizens and well-rounded persons, but it, like all other groups, must have those who are willing to sacrifice a little of their time in making their organization function.

Shiloah Plans
Ole-Fashioned
Day Sunday

Next Sunday is Ole-Fashioned Day at Shiloah Baptist Church as announced by its pastor Auburn Hayes. The women and girls will be wearing long dresses and the men will be wearing overalls. After the morning worship service there will be an ole-fashioned dinner served on the grounds at 1:00 p.m. Already great enthusiasm has been generated among the young people as they make preparation for this event.

The Shiloah Church already is making plans to celebrate its 120th anniversary in November. Also, plans are being rushed to launch a new building program which will include a youth and recreation center to be in operation sometime early 1972.
